

SHESHEQUIN TOWNSHIP

MINUTES

MAY 15, 2017

Chairman Kurt Lafy opened the meeting at 6:30PM by calling for the pledge of allegiance.

Present at the meeting were Chairman Lafy and supervisors Leslie Wanck and John Smith, several members of the public, and Lori Kepner township secretary.

The supervisors had advertised for the opening of Fuel and Anti-Skid bids for this May 15th, 2017 meeting. At this time the supervisors opened the Fuel bids. We received two bids one from Williams Oil, and one from Welles Mill Co. Williams Oil had the lowest bid for all the 9,000 gallons of Diesel Fuel delivered. Kurt Lafy made a motion to accept the bid from Williams Oil at \$1.6746 gal. Leslie Wanck seconded and all agreed. At this time the supervisors opened the Anti-Skid bids. They had several bids, but S. Andrulonis Enterprises was the lowest bid at \$19.80 a ton delivered. John Smith made a motion to accept the bid for 1,200 tons of state approved AS-I Anti-Skid from S. Andrulonis Enterprises at \$19.80 a ton. Leslie Wanck seconded and all agreed. There were no public comments.

Kurt Lafy queried the public if they had anything they wished to voice. Cathy Cook asked about dust oil control and when we were going to put it down, unless the Township was going to tar and chip the roads. The supervisors explained the differences in tar and chip for the roads and its costs and then also explained the cost of applying oil. They explained for now they will continue to place oil on the roads for dust control and should start sometime in June. Kathy would like an additional 150 feet over and above what the township will put down. The board discussed the Facebook page and decided we needed more time to work with John, Lori, and Steve Bixby. Also Laura Hewitt discussed the web site and upgrades it needs and would like the supervisors input as she moves forward. She had submitted a letter to the supervisors to review what the web site will look like and encourages them and the secretary to take a look.

The minutes of the last meeting were approved with some corrections. Kurt Lafy moved and Leslie Wanck provided the second and all agreed.

The Road Master John Smith gave his written report to the supervisors and general public. Anyone wishing to look at the report there is a copy on file at the Township. John suggested we advertise for generator bids for the township building and hold a special meeting to open the bids. The supervisors agreed on May 31, 2017 for a special meeting. Kurt Lafy made the motion and Leslie Wanck provided the second and all agreed. The supervisors decided to have a work session to go over the roads before the special meeting on May 31, 2017. John explained the old building will be demolished soon.

OLD BUSINESS

There is nothing new on the Insurance Claim. There is nothing new on the Red Cross. DEP filed permits for SR1043 Deer Lick Creek. We will wait to see if there is any new information on HB: 1683 from Steve Bixby.

NEW BUSINESS

The Demo Day for the Bradford County Conservation district will be on June 21st, 2017 at the Smithfield Township Building. The Financial report were provided and approved. Motion made by Kurt Lafy seconded by John Smith with 3 yeas. We need to put painting of the Township walls on the next agenda for June. We need to look into Welcome to Sheshequin Township signs and also purchasing a Flag Pole for outside the new township building. At this time Kurt Lafy made a motion to adjourn.

Minutes prepared by Lori Kepner, Secretary
