

SHESHEQUIN TOWNSHIP

MINUTES

April 16, 2018

Chairman Kurt Lafy opened the meeting at 6:30pm by calling for the pledge of allegiance. The Township meeting was held at the Township Municipal Building at 1774 N. Middle Rd, Ulster PA 18850. Present at the meeting were Chairman Lafy and supervisors Leslie Wanck, John Smith and several members of the public. Kurt Lafy queried the public if they had anything they wished to voice, there was no public comment.

The minutes of the last meeting were approved. Les Wanck moved to approve the previous meeting minutes with the changes and John Smith provided the second all agreed.

The Road Master John Smith gave his written report to the supervisors and general public. Anyone wishing to look at the report there is a copy on file at the Township. The board opened the annual Fuel bid and Anti-skid bid. John Smith made a motion to accept the Anti-skid bid from S. Andrulonis of \$23.30 a ton for AS-2 State approved material to be delivered to the Township. This was for 3000 ton. Les Wanck seconded the motion and all agreed. Les Wanck made a motion to accept the diesel fuel bid of 9000 gallons delivered to the township from WOC Energy at a cost of \$2.262 a gallon. John Smith seconded the motion and all agreed. The board discussed bidding out a crushing unit this year for our materials. John Smith made a motion to advertise to bid out a crushing unit to come to the Sheshequin Township pit and crush material we have. Les Wanck seconded and all agreed. This will also be paid for out of liquid fuels money. We sold the old truck at Fishcers auction and received \$2900.00 for it. John will start working on dust oil information to get out to the township residents for this year.

OLD BUSINESS:

There was nothing new for EMC or the Fire Department. We are still working on the Facebook page. Juanita finished the lettering on the wall. We are still gathering pictures from residents etc.; this will be an ongoing project. Laura is continually working on the Township Website with updates etc. We are still working on the welcome signs for Sheshequin Township. We received pictures from Rick Powell on the signs proposed. They will be 23.48"x36" and \$300.00 each for 2 or more ordered. They board would like to reduce the size of the lettering on the word Township so they can increase the size of the wording of "A scenic, rustic place to call home", so it is more visible from the road. Also Kurt will get actual Established date for the Township so that can be put on the sign as well. Les will then go to Powell's and work on the final product. Chris Wood is working on the engineering for the Bridge project on Goose Hollow Road. The board discussed a proposed start date for the Aluminum box culvert project for Goose Hollow Road. They thought they would like to start it next July or August of 2019. The audits are done. The spring cleanup is scheduled for April 21, 2018 from 8am-1 pm; it has been advertised and put on the website and Facebook page. The Township solicitor is handling the issue with Insinger construction. Les Wanck spoke to Chris Insinger and he explained the issue had been closed on his part. Lori will be attending the PSATS convention is April 22nd_25th, which the board budgeted for this year. We have not heard back from the engineer on the Spaulding road survey. John and Lori will continue to try and contact him. We will put the building sweating issues back on the agenda for the next meeting. All Township correspondence had been forwarded to the supervisors.

NEW BUSINESS: The Township will advertise for quotes for the mowing of the Township office and cemeteries. The Financial report were provided and approved, motion made by John Smith seconded by Les Wanck with 3 yeas. At this time Kurt Lafy made a motion to adjourn. Meeting adjourned at 7:45PM.
