The Road Master John Smith gave his written report to the supervisors and general public. Anyone wishing to look at the report there is a copy on file at the Township. John has almost completed the oil for the roads; he should weather permitting, finish up this week.

OLD BUSINESS:

There was nothing new to report for the Fire Department or the EMC. .

We are still working on the Facebook page. Laura is continually working on the Township Website with updates etc. We are still working on the welcome signs for Sheshequin Township; Kurt will follow up with Greg Dibble, our Municipal Services Rep, on the placement of these signs before we get them and any paperwork we may have to submit to the Penn Dot. Secretary, Lori Kepner, remembered seeing an email on the regulations of signs in the Penn Dot right of way; she will look for that email and forward to the board of supervisors. There is nothing new on the Goose Hollow Bridge Project. The board is still hoping to start this time next year; meanwhile we will move forward with our Engineer to make sure we are ready when we want to proceed. The Township solicitor is handling the issue with Insinger construction. John will get ahold of Millstone Surveying and move forward with the survey of Spaulding Road. Kurt was in contact with Sergeant Thompson and he explained the State Police can only come out if a vehicle is actually on our road surface. Kurt Lafy will contact Chris Wood on the options he was supposed to provide to the Township on the sweating issues in the Townships Garage.

NEW BUSINESS:

Our internet service went down today. John Smith tried to fix it, but we believe the box has broken. We will contact Verizon and get it resolved as soon as possible.

John Smith made a motion to approve the treasurer's report and bills to be paid. Aaron Holdren seconded and all agreed.

All Township correspondence had been forwarded to the supervisors.

NEW BUSINESS: At this time Kurt Lafy made a motion to adjourn. Meeting adjourned at 7:05PM.
